

## Oakland Avenue / University Square Business District

Oakland Avenue is a well traveled thoroughfare on Milwaukee's Eastside between Milwaukee's downtown and northern suburbs. The business district has gone through several changes with some additional proposed changes underway. How can a small neighborhood shopping area be all things to all people and create its own identity? Please join the BID's Executive Director, Jim Plaisted, in hearing about new business ventures, street improvements, and discussing a vision for the area.
